featuring **Susan Vaughn**

*A world traveler, **Susan Vaughn** has quite a few trips planned over the next six months, including three weeks in California to visit her son and his family. But she also loves living close to her sister in Devon as well as her daughter and granddaughter in Newtown Square. For Susan, “Athertyn is perfect. It’s all I need.” Read on for her perspective...*

***Why Athertyn was the Best Decision:** I knew Todd Pohlig’s reputation, that he was honest, did beautiful work and was dependable. I had looked at other places; there was no comparison in the workmanship.*

***Best Moving Advice:** Downsizing isn’t as overwhelming as you think it is. Be sure to get help. Use your new floor plan to decide what favorite pieces of furniture will fit well.*

***Best Feature of Your New Home:** I love being on the first floor and all the light that comes in the front. I’m just one floor down to the car. I walk out to the lobby to get my mail. It is the most convenient, zippiest spot to live. I couldn’t be happier.*

***Best Reason for Feeling Secure:** I’ve always felt comfortable here, even coming home in the dark. We have two safety captains, and I tell them when I am going to be away for a week or more. People look after each other here, which is nice.*

***Best Activity:** My favorite thing so far is taking a morning yoga class once a week. It’s a great group!*

***Best Thing You Had Personalized:** How about everything? I had built-in bookcases put in; a uniquely designed kitchen island... There is nothing you see here that hasn’t been personalized.*
